RE: Request for Information  
Rose Exterminator Site, Norwood, Ohio

Dear Ms. Bensing:

On April 20, 2009, Waste Management (WM) received the United States Environmental Protection Agency's (U.S. EPA) February 5, 2009 and March 11, 2009, letters regarding the above referenced site. The correspondence was directed to "Waste Management Company" at "3003 Butterfield Road, Oak Brook, Illinois 60521."

WM's corporate headquarters relocated to Houston, Texas in 1998. In fact, the buildings at the 3003 Butterfield address were demolished several years ago. Also, there is no such entity as "Waste Management Company", which may have added to the delay in the documents being properly routed.

I have tried to contact you several times since April 20, 2009, to discuss an extension but your voicemail is full. I have also left two messages with Ms. Nola Hicks regarding this matter. As I am sure you are both extremely busy, we are writing this letter because we do not want to delay contact any further.

We hereby request a 45-day extension to respond to your request. This would put our due date at June 4, 2009. If you have any questions, I may be reached at 630-572-2486.

Thank you in advance.

Sincerely,

Debra A. Kopsky  
Paralegal – Closed Site Management Group
